- **Quality analyst**

liservz

Integrated information services Pvt Ltd (liservz) generally this process is initiated once the candidate is cleared all the rounds of interviews.

It includes the verification of education, history Employment history, address etc...

In order to some qualitative feedback for the prospective employee and insurance that the candidate is right fit for the company for background verification process is different for the each company it cannot be determined whether you have cleared it or not.

Some companies do not bother to revert back your falling while some innitate the result thare is way the you know it.

The data included in the background verification verifies by sectors..

But the screen is generally verified by the following identity : Name, address, date of birth, contact information etc...

Educational, Qualification cirtificate Degree etc...
